

# WINTER INTENSIVE 2016

Hamilton College Consulting's Winter Intensive program is geared toward January SAT and February ACT test preparation. Classes provide an opportunity for students to take advantage of their winter break, practicing in a highly focused manner designed to improve their scores on **both tests**. Mr. Hamilton personally directs and teaches the Winter Intensive courses, with the additional expertise of talented Critical Reading, Writing, Math, and Science faculty. The same Hamilton team instructed the **11 students who achieved a perfect 36 on the September ACT**. College Board's major changes to the SAT now strongly align it with the ACT; since the two tests are 95% concordant, HCC classes center on the skills required for both tests. The classes provide in-depth test review, study tips, and test-taking methods, while Target Practice and office hours offer individualized advice and instruction.
