

# TEST PREP & ACADEMIC TUTORING

## PROGRAM OVERVIEW

### Built on a foundation of expert teaching - *The right tutor- at the right time.*

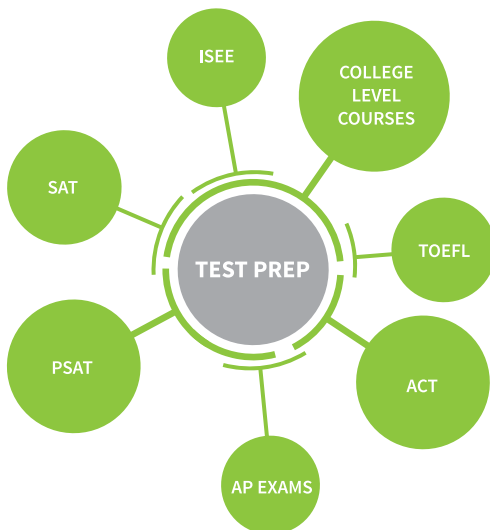

Our approach aims to enhance learning and provide the guidance and skills necessary for success. Our "skills-based", personalized instruction highlights the students' strengths and helps improve any weaknesses through a set of robust practice materials and curriculum. We provide a structure for students to explore their own learning, whether you are studying for STEM or Humanities' homework, as well as, test prep; we have a tutor to fit your needs.

### Tutors - *Education. Experience. Expertise.*

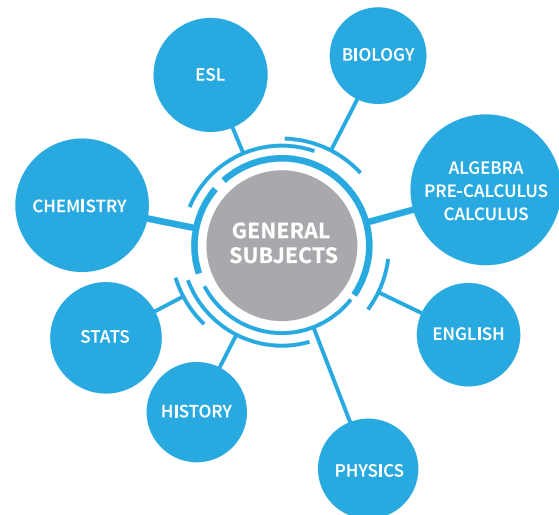

Hamilton tutors are experts in their fields, many with advanced degrees from reputable universities and years of teaching experience. We will match the student with a tutor that best suits their needs, and together they'll do the rest! From creating an individualized tutoring plan, setting goals and tracking progress, to preparing content specific lessons and reviewing homework; your tutor will be there for direction every step of the way.
